Sudhanshu Gusain (Data Scientist and CV Engineer)

91 8979970389 | gusainsudhanshu43@gmail.com | Greater Noida, Uttar Pradesh

Summary

"Aspiring data scientist and first-year student at Galgotias University, passionate about leveraging data for meaningful insights and driving innovation across diverse industries. Skilled in Power BI, Machine Learning, Deep Learning, NLP, Computer Vision, Flask, SQL, and Python, with a commitment to continuous learning and collaboration. Seeking opportunities to apply my expertise and contribute to data-driven solutions that make a significant impact."

Experience

FREELANCING | Greater Noida, Noida
DATA SCIENTIST / CV ENGINEER | 05/2023 - Present

Skills

Python, Data Visualization, Machine Learning, Deep Learning (CNN and ANN), Flask / Streamlit / API, OpenCV Library, Cloud Deployment , SQL, English

Education

Galgotias University | Greater Noida, Uttar Pradesh
CSE in Data Science | 09/2026

PROJECTS

1. COMPUTER VISION WEBSITE

Link : https://cvappbysudhanshu.streamlit.app/

- This is my main project in field of Computer Vision
- I have integrated all my CV projects in form of a website so people can interact with it in a easy way .
- Make sure to check out this . This is enough to prove my skiils .

2. Potato CNN Classifier

Link : github.com/sudhanshu976/

I have made a model using CNN technique that identifies whether a potato leaf is healthy , having early_blight_disease or late_blight_disease .
